Upon approval please pay my existing revolving credit balances as set forth below, by making checks payable to those companies. The checks will then be forwarded as directed above. The transferred balances will be charged to my Equitable credit card account and are subject to the same provisions previously disclosed to me.

I authorized you to bill the Purchase segment of my Equitable F.C.U. credit card account for the amount(s) listed for balance transfers. I understand that if the full amount of my transfer request is greater than my available credit and I am not approved for a limit increase I may be approved for a partial balance transfer of up to my available credit. I understand that if the full amount given is not sufficient for the payoff of the above stated credit card(s) Equitable will not be responsible for the remaining balance. Equitable will not be responsible for any charges billed to me for the account(s) indicated. Please continue making at least your minimum payments on the accounts listed until you hear from us.
